## **PROFESSIONAL EXPERIENCE**

Beyond Communication, LLC, Lambertville, NJ  
Owner/Clinical Director (August 2007-Present)

- Co-founded a private speech-language therapy practice that provides expert evaluation and treatment to students with a wide variety of needs related to speech, language, reading, writing, social, and executive function skills.
- Supervised a multidisciplinary team of speech-language pathologists, learning disabilities teacher consultants, and special education tutors.

- Contracted with public and private schools to provide services such as itinerant Teacher of the Deaf support, traditional speech-language therapy, social-pragmatic instruction, and literacy intervention.
- Hired by public school districts and private specialized schools to provide inservice training to teachers and speech-language staff on topics in literacy and language.
- Accepted invitations to speak to organizations in education, teams of physicians, and parent advocacy groups on topics related to language-based learning disabilities, language evaluation, literacy, auditory processing, and classroom acoustics.
- Repeatedly admitted as an expert in speech-language pathology, language-based learning disabilities, and development of educational programs for students with language-based learning disabilities by the State of New Jersey Office of Administrative Law and delivered expert testimony in special education due process hearings related to language-based learning needs.

The Informed SLP, Leawood, KS

Topic Area Expert in Literacy (March 2020-Present)

- Responsible for monthly scouting of scholarly journals to identify studies relevant to SLPs
- Collaborate with a team of SLPs to select studies with strong evidence and clinical application
- Recommend publications for review on [theinformedslp.com](http://theinformedslp.com)

The College of New Jersey, Ewing, NJ

Adjunct Professor (January 2019- May 2020)

Course: SLP 103- Language, Speech, and Communication Development

- Designed the course to meet the needs of students with a range of majors including Speech Pathology and Audiology, Special Education, Psychology, and Early Childhood Education
- Added an experiential learning component by inviting children at a range of developmental phases to class and designing interactive interview and language sampling activities
- Instructor rating of 4.71 (on 5 point scale) per student course evaluations, Fall 2019

Princeton Speech-Language and Learning Center, Princeton, NJ

Speech-Language Pathologist and Teacher of the Deaf (July 2004-August 2007)

- Specialized in language therapy for students grades K-12 with language disorders, literacy disorders, and speech sound disorders.

- Conducted comprehensive evaluations to diagnose and assess oral and written language skills.
- Created and taught an original curriculum of social communication skills in a whole-class format at an independent school for children with language-based learning disabilities.
- Traveled to schools to provide Teacher of the Deaf service to children using cochlear implants, digital hearing aids, bone conduction aids, and personal amplification systems.
- Supported and advocated for parents by participating in team meetings and IEP development.

Bucks County Intermediate Unit #22, Doylestown, PA

Itinerant Speech-Language Pathologist and Teacher of the Deaf (January 2003-June 2004)

- Performed multi-faceted role as a speech, hearing, and auditory-verbal therapist for oral deaf and hard of hearing students aged 9 months through 17 years in a public school special service agency.
- Wrote IEPs and grant proposals based on Pennsylvania State Academic Standards.
